

Bentley Systems to Host MOMENTUM; Attendees Will Be “App Inspired”

January 6, 2022

(MENAFN- Orient Planet) Bentley Systems, Incorporated (Nasdaq: BSY), the infrastructure engineering software company, will host MOMENTUM, the iTwin Developer Showcase for attendees to be “app inspired” with real-world infrastructure solutions developed on the Bentley iTwin platform. This online event will focus on the innovation ecosystem emerging around the iTwin platform, an open software development solution that makes it easy to develop digital twin applications. iTwin platform innovators—including EarthCam and Digital Energy—will share their digital twin solutions and how they help move forward their clients’ digital advancement. Attendees will have the opportunity to learn about the latest updates on the platform capabilities and how to get started building apps on their own.
