## EarthCam video compares 2021 New Year's Eve crowds with 2022 celebration in U.S.

By David Caraccio *January 2, 2022*

New Year's Eve saw the return of revelry in streets around the United States as 2022 was used to it. This EarthCam video compares 2021 festivities to the 2022 new year.

EarthCam has documented New Years Eve celebrations around the world for a quarter century.

This year, the provider of webcam content and technology captured how U.S. cities are re-emerging, despite the pandemic, into the new year.

A video [courtesy of EarthCam](#) highlights the transformation of New Year's festivities, comparing 2021 and 2022 celebrations.
