

4K Time-Lapse: Chicago Fire FC's Performance Center Complete Build

April 15, 2025

For over two years, EarthCam documented Pepper Construction's development of this state-of-the-art facility, capturing tens of thousands of high-quality images in this 4K time-lapse.

The new performance center provides the club with top-tier training spaces, cutting-edge performance equipment, hydro pools, and a dedicated sports medicine area. It will also serve as a community hub, offering local employment opportunities, youth sports programs, and green recreational spaces.
